Astana, Kazakhstan

Subject: Formal Invitation to Mr. Yerlik Karazhan – High-Level Empowered Board on Green Transition and Raisina Tokyo Dialogue

Dear Mr. Karazhan,

On behalf of the Observer Research Foundation (ORF), we are pleased to formally invite you to Tokyo, Japan, to participate in the **second meeting of the High-Level Empowered Board on Green Transition on 18 November 2026**, being convened alongside the **Raisina Tokyo Dialogue on 18–19 November 2026**, jointly organised by ORF and the Japan Bank for International Cooperation (JBIC).

As a distinguished member of the High-Level Empowered Board on Green Transition, your participation and insights are particularly valuable to its ongoing deliberations. The Board brings together leading policymakers, economists, industry representatives and experts to advance international cooperation on climate finance, clean energy technologies and sustainable economic development. The upcoming meeting in Tokyo will build on the discussions initiated at the Board's inaugural meeting in London in June 2026, with a focus on accelerating an inclusive and economically viable global green transition.

You are also invited to participate in the Raisina Tokyo Dialogue, which will convene senior policymakers, business leaders, academics and experts from Japan and across the world to exchange perspectives on pressing geopolitical, economic and strategic challenges.

The organisers will provide round-trip international airfare, accommodation for the duration of the conference, airport transfers and hospitality associated with the official programme.

We would be delighted to welcome you to Tokyo and look forward to your valuable contributions to the Board's discussions and the wider Raisina Tokyo Dialogue.

Warm regards,

Samir Saran
President
